

JESSA NAZARENE GOZUN

Full-Stack Web Developer | Projects & Academic Experience

📍 Quezon City, Philippines ✉ jessagozun.connect@gmail.com 🌐 jessagozun.vercel.app

CORE COMPETENCIES

Frontend Development, Backend Development, Server-Side Rendering (SSR), Authentication & Session Management, Protected Routing, API Integration, Role-Based Access Control, Responsive UI Design, Component-Based Architecture

TECH STACK / TECHNOLOGIES

Programming & Frameworks:

Next.js, React, TypeScript, Spring Boot, MySQL, PostgreSQL, Tailwind CSS, Java, JavaScript, HTML, CSS

Tools & Platforms:

Git, GitHub, Figma, Postman, Vercel, Shadcn, Visual Studio Code, IntelliJ

PROJECTS

EMPLOYEE PORTAL - Frontend Developer, Project Manager

Next.js, TypeScript, Tailwind CSS, Shadcn, NestJS, Postgres, Supabase

- Designed and developed an employee portal for a construction company, delivering scalable frontend architecture with secure authentication, role-based dashboards, and efficient API integration, ensuring smooth user experience across protected routes.

MONETRA: Simple Banking System - Full-Stack Developer

React, Tailwind CSS, Shadcn, Spring Boot, Postgres, Supabase

- Built a Spring Boot banking simulation with deposit, withdrawal, and fund transfer functionality, handling frontend, backend, authentication and REST API development.

PORTFOLIO WEBSITE

React, TypeScript, Tailwind CSS

- Designed and developed a portfolio website with a mobile-first, type-safe, and responsive design to establish a professional online presence.

CODECAMPUS: GAMIFIED CODING PLATFORM - Full-Stack Developer

Vanilla Javascript, Springboot, MySQL

- Developed a gamified coding platform with interactive programming challenges and course management. Integrated authentication, RESTful APIs, and database.

CAFÈ POS AND INVENTORY AND MANAGEMENT SYSTEM - Full-Stack Developer

Java, JavaFX, MySQL

- Designed and developed a Point of Sale and Inventory Management System for our campus café using Java, JavaFX, and MySQL. The system manages sales transactions, tracks product inventory, and provides a user-friendly graphical user interface.

CERTIFICATIONS

Java Programming NC III

TESDA, Center for International Industries Competence Corp.(CIICC)

- Certified in Java programming, including object-oriented programming, web application development, debugging, and database integration.

Computer Systems Servicing NC II

TESDA, Blueridge Pacific Institute Inc.

- Certified in computer hardware and software installation, configuration, maintenance, troubleshooting, and basic networking.

EDUCATION

Bachelor of Science in Information Technology

Quezon City University

Information Technology in Mobile App and Web Development

STI College Muñoz-EDSA

WORK EXPERIENCE

BUSINESS DEVELOPMENT ASSOCIATE

Feb 2025 - April 2025

Stob.AI

- Specialize in outreach and lead generation, introducing AI-driven automation to boost efficiency and engagement.

LEAD GENERATION SPECIALIST

Nov 2024 - Jan 2025

Bold Estimation

- Researched and identified potential clients for construction projects.
- Reached out to potential clients via email, text, and social media to secure business.
